
Corpus Christi Bar Association 2011 Judicial Evaluation Poll

The Corpus Christi Bar Association had the State Bar of Texas Department of Research and Analysis conduct an electronic judicial evaluation poll of the Association's membership between September 19 and September 30. Of the 620 members of the association, 171 filled out a ballot (resulting in a response rate of 28 percent).

Respondents were asked to rate each judge on a series of questions, using a 5-point scale, with a rating of 1 indicating that the judge "Never" demonstrated the quality in question, and a rating of 5 indicating that the judge "Always" demonstrated the quality in question. Respondents were instructed to use their personal knowledge to evaluate each judge, and were instructed to evaluate only judges for whom they had sufficient knowledge to answer the questions. Thus, members were free to decline to evaluate any judge entirely, or to answer only selected questions regarding particular judges.

The eight questions on which judges were rated is as follows. Note that respondents were not asked to rate the Nueces County District Court visiting judges on question 8.

Questions:

1. Applies the law correctly
2. Rules promptly and decisively
3. Makes efficient use of time (punctuality, efficiency)
4. Allows sufficient time for presentation of issues
5. Is impartial and unbiased
6. Treats parties and lawyers with courtesy
7. Writes opinions of good quality
8. Staff treats parties and lawyers with courtesy

The following tables represent the results of the poll. In each table, the column labeled "Number of Responses" indicates the number of individuals answering each question. The average of all respondent's ratings for each question is listed in the column labeled "Average Rating". The columns labeled "Percent of Responses" indicate the percentage of total responses that fell into each category. The sum of percentages for any one question may not equal exactly 100 because of rounding. Differences in the number of responses to different questions regarding the same judge are due to members who declined to answer particular questions regarding individual judges.
